Entry is original and without the assistance of others, that their Entry does not contain material in violation of any rights of any other person or entity, and that their Entry does not violate or infringe the rights of any third party, will not constitute a violation of law, and will not bring Sponsor or the Contest Entities into public disrepute, scandal or embarrassment. A finding that the Entry submitted by a Participant is not the Participant's own work or was done in collaboration with others may automatically disqualify the Participant.

b. If requested by Sponsor, Participant shall provide evidence of the above in writing. Nothing herein shall be deemed an obligation of confidentiality.

c. At the time an Entry is submitted, and whether or not selected as a winner, Participants understand and agree their Entry and all content therein may be used and shared in furtherance of all Contest related purposes or for Sponsor's internal purposes (including without limitation judging, prize fulfillment, winner verification, public Award announcements, and product improvements or enhancements) without further compensation or review. Participants will not now nor in the future be paid for their Entry or for granting Sponsor any of these rights.

7. **JUDGING CRITERIA:** Sponsor will evaluate each Entry based on the following criteria, each of which criteria section below will be equally weighted and have a value of one hundred (100) points:

- a. **Report Quality** – The Entry will be graded like a technical paper with summary, introduction, procedure, and analysis sections. Each section is subject to a subtraction of ten (10) points for each unclear or vague summary or structure; and a subtraction of five (5) points for each grammar and spelling errors and for each numerical value without a subsequent unit of measure.
- b. **Completeness** – The problem will be in five (5) sections of increasing difficulty. Each completed section will be worth a total of twenty (20) points.
- c. **Correctness** – The Entry will be graded like a typical engineering or science project, namely, mathematical correctness and correct results of each section, but no points will be given for incomplete sections.
- d. **Process Engineering and Simulation Design Skills** – The Entry should propose innovative ideas with twenty-five (25) points allowed for each of: (1) correctly identifying the need for a start-up heat exchanger for the process to bootstrap itself, (2) properly simulating a stable feedback control system, (3) any use of custom modeling, and (4) use of distillation column models rather than a simplified tank/component model.

8. **WINNER SELECTION:**

a. Subject to verification of eligibility and execution of the applicable Required Documentation (defined below), four (4) winners, as described in section 9, will be selected by the Judges from all eligible Entries received based on the above Judging Criteria. In case of a tie, the Entries among those tied, will be re-judged in accordance with all the judging criteria to break the tie.

b. It is anticipated that the winners will be notified on or about April 18th, 2025 by email sent to each Participant and by publication at <https://www.aveva.com/en/academia/academic-competition/>. Time periods may be extended or modified due to exigencies of the circumstances. Sponsor reserves the right to select fewer than the stated number of winners in its reasonable discretion, for example, due to insufficient eligible and qualified Entries.

c. If a potential winner is found to be ineligible or declines to accept the prize, or Sponsor is unable to contact the potential winner on or within two (2) separate attempts, or in the event that the prize confirmation, notification, or prize is returned, ignored, not timely responded to, misdirected or undeliverable, the prize will be forfeited, and in the Sponsor's sole discretion, the forfeited prize may be forfeited and may be awarded to an alternate potential winner. If the Sponsor wishes to select an alternative potential winner, Sponsor will do so based on the next highest score of an eligible Participant's Entry. Contest Entities are not responsible for any undelivered telephone calls, messages, e-mails, or any other communications, including but not limited to those that are not received because of the Participant's or winners' privacy or spam filter settings that may divert any notification or other Contest related e-mail to a spam or junk folder. Prize awards are subject to verification of eligibility and compliance with these Official Rules.

d. **Limit one (1) prize per Participant.** The decisions of Sponsor are final in all matters relating to this Contest, including winner selection.

e. The names of the winners will be announced on or about April 18th, 2025 ("Winner Announcement Date").

9. **PRIZES:**

a. AVEVA may award up to four (4) prizes as detailed below. The grand prize winner will receive a remote three (3)-month paid internship with Sponsor in Lake Forest, California (the "Internship"). Should the grand-prize winner choose not to accept the Internship, the grand prize winner will receive a cash prize of \$3,000.00. The grand prize winner receives either the Internship or the cash prize, but not both. The Internship or receipt of \$3,000.00 cash prize is the "Grand Prize."

- **2nd prize** – Winner for Best Steady State Simulation receives \$1,000
- **3rd prize** – Winner for Best Economics Optimization receives \$1,000

Each winner shall sign and return to Sponsor a liability/publicity release, affidavit of eligibility, and a tax indemnification guarantee (hereinafter collectively referred to as the "Required Documentation") by a date

determined by Sponsor in form and substance satisfactory to Sponsor in order to be eligible to receive the prize. If (i) any of the Required Documentation is not completed, signed, and/or returned within the stated time, (ii) the winner is deemed by Sponsor to be ineligible or not to have complied with these Official Rules, or (iii) the winner refuses to accept or fails to claim the prize, then the prize will be forfeited by the winner and an alternate winner may be selected from among all eligible entries timely received, if time permits. If a winner is not reachable at the contact information provided to Sponsor or if a notification is returned as undeliverable, then the prize will be forfeited, and an alternate winner may be selected. The prize will be delivered within thirty (30) days of the winner delivering the signed Required Documentation to Sponsor.

11. TAXES: Each winner is responsible for any and all federal, state and local taxes, fees and other government assessments on the awarded prize. Furthermore, the winner acknowledges that federal and/or state law requires that a tax withholding on certain prize values must be collected from the winner upon award or distribution. Federal and/or state withholding laws are subject to change without notice. The withholding laws in effect at the time the prize is claimed will be followed. Sponsor will issue IRS Form 1099 to each winner and file IRS Form 1096. For winners in Mexico, each winner must report in their personal annual income tax declaration if they obtained a prize.
